West side of Sherbrook St. between Portage and Ellice Ave.,
Beverley and Simcoe St. between St. Matthew's and Ellice Ave.,
McGee St. and Agnes St. between Ellice and Sargeant Ave.

SPEAKER

KARL D. LEHMAN, M.D.

Dr. Lehman is a physician certified by the American Board of Psychiatry and Neurology in the specialty of Psychiatry. He maintains a small private practice in addition to mentoring and training other mental health professionals, pastors, and lay ministers in Christian emotional healing ministry. He also spends a large portion of his time in extensive interdisciplinary study, and in the development of training materials. Nearly all of the written materials, some of which he developed jointly with his wife, Charlotte Lehman, M.Div., are available for free download from their website www.kclehman.com, which is used by thousands of people as a credible and practical source of teaching on receiving and providing emotional healing in a Christian context.

The Lehman's ministry draws from many different sources, including their medical, scientific, and seminary training, their extensive study and use of the Theophostic® principles developed by Ed Smith, D.Min. (see www.theophostic.com), the LIFE Model and brain synchronization principles as developed and taught by Shepherd's House and E. James Wilder, Ph.D. (see www.lifemodel.org and www.thrivetoday.org for more information), and the brain science discoveries and insights brought forth by Allan Schore, Ph.D. and Daniel Siegel, M.D. Dr. Lehman does not claim any official representation of, or endorsement by Drs. Schore or Siegel, by Dr. Smith, or by Theophostic® Prayer Ministries; rather he brings an independent analysis, critique, and filtered use of those sources. Dr. Lehman is currently collaborating with Dr. Wilder on the development of the "Immanuel" approach to healing as a fundamental unit of a larger recovery program called Thriving. Theophostic® is a trademark of Dr. Ed Smith and Alathia, Inc.

VISIT WWW.KCLEHMAN.COM — REGISTER ONLINE OR BY MAIL

* All attendees, be sure to check out the IMPORTANT, helpful, and free downloadable pre-conference reading to maximize your conference experience. Put "pre-conference" in the site's search box, and it will be the first document on the list * Read testimonials from previous conference attendees. * Live Ministry Sessions & Lectures on DVD are available for purchase via the website, and will be at the conference.

12-13 Sept. 2008
 Friday & Saturday
 8:00 am to 5:45 pm

BRAIN SCIENCE, EMOTIONAL TRAUMA, & THE **GOD** WHO IS WITH US

The last several decades have boasted many exciting new discoveries about the **workings of the brain**. What are the implications of these **new insights for leaders, pastors, counselors and emotional healing ministry**? Do these discoveries provide **practical guidance** for those who facilitate healing for traumatic memories?

Why can people sometimes recover from painful events, and go on with their lives in a healthy way, perhaps even wiser and stronger than before, whereas **other times pain leaves a person confused**, diminished, and even emotionally **and relationally crippled**?

Could there be a **stronger theoretical foundation** for emotional healing ministries dealing with traumatic memories – a foundation which is actually **supported by neurological case studies and brain science research**? Could that theoretical foundation account for both the cases when Christian emotional healing ministries work effectively, and the cases in which they don't? And could these new insights provide guidance and tools for resolving these most difficult cases?

In this two day seminar, Christian psychiatrist Karl Lehman, M.D., will address these questions, and present an approach to the healing of emotional traumas which is consistent with recent brain science research, and is organized around the presence of Jesus, who was prophetically named

"IMMANUEL," meaning **"GOD IS WITH US."**

The presentation method will include lectures with illustrative PowerPoint slides, as well as video clips of actual healing sessions that help to *show* rather than just *tell* the concepts being taught. There will be time for question and answer, and if time allows, a demonstration of the way this healing approach may be used in a group setting. DVDs of live ministry sessions and other lectures by the Lehmans will be available for purchase at the conference, and through their website, www.kclehman.com.

FRIDAY & SATURDAY 12-13 SEPTEMBER

7:30 - 8:00 am	Check-In/Registration, Resource table open
8:00 - 8:15 am	Worship
8:15 am - 12:30 pm	Conference
